Gursahaiganj, Kannauj, Uttar Pradesh 209722, India

## EDUCATION

### Chhatrapati Shahu Ji Maharaj University (CSJMU)

Kanpur, India

*Bachelor of Computer Applications (BCA) – CGPA: [Your CGPA]*

*July 2024 – April 2027*

- Relevant Coursework: Data Structures, Algorithms, Database Management, Operating Systems, Web Technologies
- Active participant in coding challenges and technical workshops

### UP Board

Uttar Pradesh, India

*Intermediate (Class 12), Science Stream – Percentage: [Your Percentage]%*

*July 2023 – April 2024*

## TECHNICAL SKILLS

**Programming Languages:** C++, Python, JavaScript, HTML5, CSS3

**Web Technologies:** HTML, CSS, JavaScript, Responsive Web Design

**Tools & Technologies:** Git, VS Code, Linux/Unix, Windows Operating Systems

**Core Competencies:** Data Structures & Algorithms, Object-Oriented Programming, Problem Solving

**Areas of Interest:** Web Development, Artificial Intelligence, Machine Learning, UI/UX Design

**Soft Skills:** Team Collaboration, Quick Learner, Analytical Thinking, Communication

## EXPERIENCE

### Freelance Graphic Designer

Remote

*Self-Employed*

*[Start Date] – March 2025*

- Designed custom graphics, logos, and marketing materials for diverse clients across various industries
- Collaborated with clients to understand requirements and delivered creative solutions within tight deadlines
- Developed strong understanding of visual design principles and user-centric design approach
- Enhanced technical skills in design tools while managing multiple projects simultaneously

### Aspiring Web Developer

Kanpur, India

*Chhatrapati Shahu Ji Maharaj University*

*March 2024 – Present*

- Building strong foundation in web development through structured curriculum and self-directed learning
- Developing practical programming skills in C++, Python, HTML, CSS, and JavaScript through coursework and projects
- Exploring AI/ML integration in web applications to create intelligent and interactive user experiences
- Actively engaged in problem-solving exercises and coding practice to strengthen algorithmic thinking

## PROJECTS

### Personal Portfolio Website | *HTML, CSS, JavaScript*

- Designed and developed a responsive portfolio website showcasing projects and skills
- Implemented modern UI/UX principles with smooth animations and cross-browser compatibility

### Algorithm Visualizer | *Python, Data Structures*

- Created visualization tool for common sorting and searching algorithms to aid learning
- Enhanced understanding of time and space complexity through practical implementation

### Responsive Landing Page | *HTML5, CSS3, JavaScript*

- Built mobile-first responsive landing page with modern design patterns and interactive elements
- Optimized for performance and accessibility following web development best practices

## ACHIEVEMENTS & ACTIVITIES

### Continuous Learning

- Actively pursuing online courses and tutorials in web development and AI/ML fundamentals
- Regular practice on coding platforms to strengthen problem-solving abilities

### Technical Community Engagement

- Following industry trends and best practices in modern web development
- Building network with fellow developers and participating in technical discussions

## ADDITIONAL INFORMATION

---

**Languages:** English (Professional), Hindi (Native)

**Interests:** Emerging Technologies, Web Design Trends, AI Applications, Open Source Contribution

**Availability:** Seeking internship opportunities starting Summer 2025
